

Technical Details

Filter Media Type	Monofilament	Multifilament
Media Material	Nylon (NMO), Polyester (PMO), Polypropylene (PPMO)	Nylon (NMU), Polyester (PMU)
Micron Ratings	25 to 1250	5 to 800
Top Type	Polyester Plastic Ring, Stainless Steel Ring, Galvanized Steel Ring, Rope	
Temperature	150 °C	
Ring & Body Connection	Sewn	
Differential Pressure	Operational 0,7-1 bar	Maximum 2,4 bar

Advantages

- Wide range of filter ratings
- High flow, low pressure drop
- Wide range of chemical compatibility

Applications

- Water
- Oil
- Food & Beverage
- Coolants
- Paper
- Chemicals
- Inks / Paints / Coatings
